

TELLURIDE FIRE PROTECTION DISTRICT

Scott Heidergott, Fire Marshal

Festival vendor requirements

The Telluride Fire Protection District (TFPD) requires that all temporary structures (tents) for commercial operations (vendors) shall comply with the following conditions:

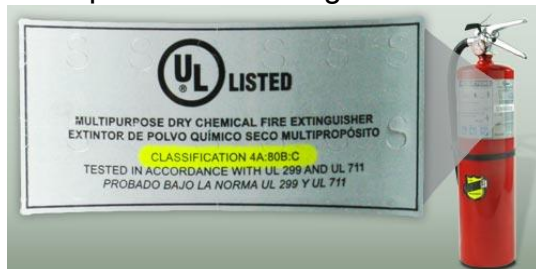

1. All vendors using temporary structures shall have a tent that is made of fire-resistant fabric and have the label attached to the tent for inspection.

Example of the required fire certification label:

2. All vendors using temporary structures shall have a 10-pound ABC 4-A:80-B:C fire extinguisher out and readily accessible.

Example of a fire extinguisher label with the required classification:

3. All food operation vendors using propane shall have the propane tanks secured in a crate, strapped to a secured post, or strapped together.
